South Carolina Department of Labor, Licensing and Regulation and the South Carolina Board of Medical Examiners do not have any affiliation with the CE providers.

SOUTH CAROLINA DEPARTMENT OF LABOR, LICENSING AND REGULATION
South Carolina Board of Medical Examiners

1. CME does improve physician performance and patient health outcomes;
2. CME has a more reliably positive impact on physician performance than on patient health outcomes;
3. CME leads to greater improvement in physician performance and patient health if it is more interactive, uses more methods, involves multiple exposures, is longer, and is focused on outcomes that are considered important by physicians.

Cervero, R.M., Gaines, J.K. (2015) The impact of CME on physician performance and patient health outcomes: an updated synthesis of systematic reviews. *J Contin Educ Health Prof.*, 35(2), 131-8. <http://doi: 10.1002/chp.21290>.

SECTION 40-47-40. Continuing Professional Education.

(2) For renewal of an active permanent license biennially, documented evidence of at least one of following options during the renewal period is required:

- (a) **forty hours of Category I** continuing medical education **sponsored by the American Medical Association, American Osteopathic Association, or another organization approved by the board** as having acceptable standards for courses it sponsors, **at least thirty hours** of which must be **related directly to the licensee's practice area**, and **at least two (2) hours** of which may be related to approved procedures of **prescribing and monitoring controlled substances** listed in Schedules II, III, and IV of the schedules provided for in Sections 44-53-210, 44-53-230, 44-53-250, and 44-53-270, and must be received from a statewide organization recognized by the Accreditation Council for Continuing Medical Education to recognize and accredit organizations in South Carolina offering continuing medical education or from a statewide organization approved to provide continuing medical education by its national organization which is accredited by the Accreditation Council for Continuing Medical Education. Each renewal form submitted pursuant to Section 40-47-41 must include a certificate of participation with the prescribing and monitoring education requirement issued by the organization from which the education was received;
- (b) certification of added qualifications or recertification after examination by a national specialty board recognized by the American Board of Medical Specialties or American Osteopathic Association or another approved specialty board certification;
- (c) completion of a residency program or fellowship in medicine in the United States or Canada approved by the Accreditation Council on Graduate Medical Education or American Osteopathic Association;
- (d) passage of the Special Purpose Examination or Comprehensive Osteopathic Medical Variable Purpose Examination; or
- (e) successful completion of a clinical skills assessment program approved by the board, such as the Institute for Physician Evaluation or the Center for Personalized Education for Physicians.
