

## **Notice to Candidates Receiving Fundamentals of Engineering (FE) or Fundamentals of Surveying (FS) CBT Examination Results from NCEES**

**There is NO fee associated with EIT or LSIT Certification Applications**

**Candidates must have designated South Carolina as the FE or FS State when registering with NCEES**

### **Candidates Passing the FE examination (EIT Certification):**

Statutory Authority: Title 40, Chapter 22, Code of Laws of South Carolina (1976, as amended) Section 40-22-220(B), to be eligible for certification as an engineer-in-training, an applicant must be of good character and reputation and be able to communicate effectively in the English language. The minimum evidence satisfactory to the board that an applicant is qualified for certification as an engineer-in-training is:

- (1) graduation from an EAC/ABET accredited engineering curriculum of four or more years and passing NCEES Fundamentals of Engineering examinations required by the board;
- (2) graduation in a bachelor's degree program, completion of an engineering curriculum found to be substantially equivalent to an engineering curriculum accredited by EAC/ABET, and passing the NCEES Fundamentals of Engineering examination;
- (3) graduation in a bachelor's degree program, completion of an engineering curriculum found to meet the NCEES Engineering Education Standard, and passing the NCEES Fundamentals of Engineering examination; or
- (4) graduation in a TAC/ABET accredited engineering technology curriculum of four or more years from a school or college approved by the board as being in satisfactory standing, and passing the NCEES Fundamentals of Engineering examination required by the board.

The Board will recognize the degrees of Master of Engineering or Master of Science in Engineering in a program accredited by EAC/ABET at either the baccalaureate or masters level as fulfilling education requirements per Regulation 49-200.

Applicants holding foreign engineering degrees or non-EAC accredited degrees must have the education evaluated by an acceptable education evaluation service prior to approval as an EIT. Upon receipt of your application and transcripts, you will receive additional information regarding the education evaluation if it is required.

**Official transcripts are required and must be sent directly to the Board office in an envelope sealed by the Registrar's Office. Upon receipt and approval of your application and official transcripts, the EIT certification card will be mailed.**

**Candidates Passing the FS examination (LSIT Certification):**

To qualify for LSIT Certification, candidates must have graduated from a school or college of four or more years with a Board-approved degree, or an ABET commission approved curriculum in a related field, including not less than twelve (12) semester hours or the equivalent in quarter hours of discipline-specific courses satisfactory to the board in each of the disciplines described in Section 40-22-20(26) for which the applicant is requesting licensure, and has passed the NCEES Fundamentals of Surveying examination as prescribed by the board.

Applicants must contact the Registrar's Office to request transcripts be mailed directly to the Board. Transcripts will be evaluated by a Board Education Consultant.
