Continuing Education Provider and Course Registrations

Registration applications for Continuing Education (CE) Provider and/or CE Courses must be submitted through the CE Broker system. The Board office will no longer accept applications for provider or CE courses.

Current CE Providers do not need to reapply for previously submitted courses. Please log into your CE Broker to review the current, active provider and course information.

For additional information and links to the CE Broker system, please review the Board's Continuing Education page at <https://llr.sc.gov/re/ce.aspx>.
