She went on to say the raters arrived at the exam at 7:00 a.m.; however, the management did not arrive until 7:20 a.m. She indicated the cosmetologists and nail technician exams were delayed by one hour and fifteen minutes and the instructors' exam was delayed by one hour that one male rater talked and flirted with the examinees. She said that the room where the instructors were being examined also contained the PCS equipment and scanner. She stated she expressed her concerns to Val, a PCS employee, who indicated she would look into Ms. Adams' concerns and let her know the results. She has yet to receive a call regarding her concerns. She again expressed that she is not upset with the exam, the scoring system or PCS; however, she is upset with the individuals here who are running the exam. She went on to say some of the students are at the exam site from 8:00 a.m. to 8:00 p.m. She said she was on the Board when the exam was administered by the Board, SMT, and CTP and not once did it ever take 12 hours for a student to take the exam.

Mr. Shuler expressed concern over conflict of dates possibly submitted by the new association with the school owners association. Ms. Adams stated she has spoken with Ms. Dantzler on this matter and that once approved the providers would have to withdraw their membership from the school owners' association. She further stated that the school owners' association would have to notify the Board that they want those that

are involved in that association pulled from the packet.

Ms. Dantzler stated if one association chose to modify its application today it could do so. She further stated the Board has before it today applications from two associations that are facially acceptable and she is not aware of anything in the statute prohibiting jointly sponsored continuing education classes. She indicated that the Board has no grounds to deny either application. She indicated the issue of class dates, money, etc., are matters to be handled between the members of the two associations, not the Board of Cosmetology.

Mr. Jones asked that this situation be dealt with as soon as possible to allow staff the time to ensure the information is correct before placing it on the Internet.

She indicated there were a couple of complaints regarding social security cards on the table for everyone's view. She attended the Medical Examiners Board meeting on November 1, 2004 to discuss permanent tattooing. She noted Governor Sanford's law still makes micropigmentation, or permanent makeup, illegal. #### Katherine Webb

Ms. Webb attended the legislative meeting on September 26, 2004. On October 31, 2004 she monitored a continuing education class at the Institute of Cosmetic Arts. She was impressed with Dee Fullerton.

#### Discussion Items

##### 1. Reciprocity Application Process - LaTonea Jones

Ms. Adams stated the Board members wanted to ask Ms. Jones questions regarding the reciprocity applications.

Ms. Jones stated that once the application and a letter of certification from the other state has been received, she issues a license. She went on to say she does not have a point of contact with all of the states that since California no longer submits a letter of certification and she must to go online to obtain certification from that state.

Ms. Kinley asked that a random audit be conducted on school transcripts to verify attendance and graduation. Ms. Jones stated the Board does not receive transcripts. Ms.

Dantzler noted that the regulations regarding out-of-state applicants begins with an individual currently licensed in another state and that the inquiry would be regarding licensure, not education. She stated that certification is mailed separately from other states. She went on to say that other states are also beginning to use the on-line verifications.

## 2. Update on Practical Exams - Shirley Wider

Ms. Wider stated the practical exam is long and it is sometimes 5:00 p.m. before the licenses are printed. She further stated it is very time consuming at this point. She continued by saying it is sometimes 6:30 p.m. or 7:00 p.m. before she leaves the exam site. She noted that sometimes the individuals will leave the exam without the license. She indicated those individuals who leave without their license will change their address with PCS but not with staff and the license will go to the old address.

## 3. School Report - Raymond Lee

Mr. Lee stated that between now and June 30, 2005 he hopes to have the school inspections up to date. He went on to say Mr. George Barr would be assisting him with school inspections. He indicated he has been focusing with the vocational schools. He indicated he held a training class with the vocational schools on October 25, 2004. He said representatives from approximately 16 schools attended the meeting.

Ms. Adams stated Ms. Dantzler, Mr. Lee and Gloria Smith are members of the school contract committee.

## 4. Introduction of USC Continuing Education Staff - Margaret Miller

Ms. Margaret Miller stated USC has reorganized and lost several employees like many other state agencies. She introduced Mike Kelly and Tracie Justice.

Ms. Adams asked Mr. Kelly if the Board could accept continuing education from a seminar, how would USC, as the certifying agency, handle it. Mr. Kelly stated this is an avenue he would have to explore. He indicated that the class would have to submit documentation similar to that of the current continuing education providers.

Mr. Kelly stated that USC is attempting to keep up with the documentation of hours. He further stated the program evaluation forms are being revised where USC could possibly provide feedback to the instructor, the Board and LLR in a timelier manner. He noted that any feedback on this document would be helpful.

Ms. Adams asked Mr. Kelly if he could email the evaluations to the Board as well as to the staff. Mr. Kelly stated the scanner would not be installed until after this cycle. Ms. Adams asked Mr. Kelly if USC could mail those evaluations to the Board members. Ms. Adams stated the Board would like to begin receiving that information immediately.

## Public Comments

Ms. Lisa Bodie, of Hair, Skin and Nails of America, stated she has evaluations from the continuing education class in question. She went on to say that Hair, Skin and Nails of America would no longer be conducting an instructor's, esthetics and nail classes on the

same weekend. She clarified that the nail technician class Ms. Busby indicated was dismissed one and one-half (1½) hours early was a nail technician class that was scheduled to dismiss at 4:00 p.m., not at 5:30 p.m. She further stated that Ms. Phillips is also a licensed esthetics instructor and is licensed to teach body wraps.
