

## **Notice for Technology Degree Graduates Seeking Licensure**

Pursuant to SC Code of Laws, Section 40-22-222, consideration of licensure for individuals who have graduated in a baccalaureate ETAC/ABET or TAC/ABET accredited curriculum will cease to exist as of July 1, 2020.

Although the opportunity for licensure of technology degree graduates will cease to exist on July 1, 2020, individuals who desire to be a licensed Professional Engineer in South Carolina may still do so by meeting the qualifying education, examination, and experience requirements contained in SC Code of Laws, Section 40-22-220(C).
