CONTINUING PROFESSIONAL COMPETENCY CRITERIA FOR LICENSEES AND COURSE PROVIDERS

Professionals licensed to practice engineering and surveying in South Carolina are required to demonstrate a continuing development of professional competency as a condition for registration renewal. These requirements are outlined in Article 6, Chapter 49, Code of Regulations of South Carolina. Every licensee, except those exempted in R49-606, is required to obtain 30 PDH units each biennial renewal period. If a licensee exceeds the requirements in any renewal period, a maximum of 15 PDH units may be carried forward into the subsequent renewal period.

The Continuing Professional Competency (CPC) requirements for South Carolina may be satisfied by attendance at activities that enhance and improve a licensee's professional skills and meet the following criteria as set forth in the policies and regulations of this Board, i.e., S.C. Code of Regulations, Chapter 49, Article 6 (next pages)

REQUIRED INFORMATION FOR DOCUMENTATION OF THE TYPE OF ACTIVITY CLAIMED:

Continuing education that enhances the professional attributes of the licensee and is beneficial in an area of practice will be considered by the Board for those who are audited. If chosen for audit in a random selection, the licensee will be expected to defend the PDH's claimed with documentation of the activity and expression of knowledge gained by participation. Courses accepted by other states that meet the criteria of the SC Board will be generally accepted for credit. Should a course credit be denied, the licensee is allowed a ninety-day period to make up deficiencies (49-605C).
