

Notice to Licensees Regarding Continuing Forestry Education (CFE) for the Renewal Cycle Ending June 30, 2021

Renewals will open around April 1, 2021, and the Board wants to remind licensees that the best way to currently obtain the 20 hours of CFEs is virtually. To see what CFEs are currently available, please refer to the Society of American Foresters (SAF) website by clicking on this link, [SAF Approved CFE Courses](#).

Renewal notifications will be sent by email to individuals who have validated their email address, and by mail to individuals who have not validated their email address. If you have not validated your email address with the Board, please be sure to do so by responding to LLR's email by March 29th.

Questions regarding CFEs and renewal can be addressed to Board staff at contact.foresters@llr.sc.gov or at (803) 896-4800.
