There being no quorum, this was an informational meeting.

Pilot's Report – No ships reports since May, 3 ships for the year. The Sampit River entrance is the limiting point for ships relative to depth of draft and width of channel. A pet coke ship is scheduled for November. The Boat US towboat may be able to assist with transporting the pilot while the Pilots do not have a boat. Need approximately 30 to 40 ships per year to support a pilot boat.

SCSPA Report – Michael Elmore reported that some new ships are on the horizon for the port.

No further business was brought before the Commission.

The informational meeting was adjourned.

Respectfully submitted,
Steven G. Strickland
