RESIDENTIAL HVAC INSTALLER AND REPAIRER EXPERIENCE AFFIDAVIT INSTRUCTIONS

The Commission verifies experience by applicants submitting documentation from previous or current supervisors or employers. The attached Experience Affidavit is to be completed by each of the applicant's employers/supervisors to verify the applicant's experience; however, if you are applying for licensure by exam waiver due to being appropriately licensed in this state or another eligible state, you may complete the Experience Affidavit to self-report your experience under your own license.

Employer/Supervisor: Please fill out the attached Residential HVAC Installer and Repairer Experience Affidavit, attesting to the applicant's experience/ability to install, replace, alter, and repair HVAC systems. The Commission is looking for, preferably, hands-on experience.

All completed Experience Affidavits should be included with the initial application package.

Information and Instructions:

- Providing proof of required experience ensures a timely review of the application. Failure to provide adequate experience verification may result in a delay in a determination regarding the application. It is imperative for the applicant and supervisor (experience verifier) to ensure all forms are accurate and complete.
- The Commission may contact individuals to verify the listed experience. All contact information listed on the form should be up to date and the individual completing the form must have been appropriately licensed during the dates of supervision. Examples of appropriate licensure include, without limitation: licensed residential HVAC installer and repairer, residential builder, or mechanical contractor (AC or PK classification).
- A separate form should be submitted for each employer/ supervisor. The employer/supervisor must have been appropriately licensed (see above) during the dates of supervision and must have direct knowledge of the applicant's work experience.
- In addition to the attached form, the applicant must provide proof of employment history (i.e., copies of W2's and/or 1099s) with their application packet.
- The Experience Affidavit is a fillable document. It should be downloaded and saved to a computer before completing. Completed affidavits must be legible to be considered.

RESIDENTIAL HVAC INSTALLER AND REPAIRER EXPERIENCE AFFIDAVIT

This form is a fillable document. You should download and save to a computer before completing.
All Experience Affidavits should be submitted with the initial application for licensure.

Applicant's Name ("Applicant"): _____

IMPORTANT: All sections below must be completed by the employer/supervisor. The individual completing the form must have been appropriately licensed during the dates of supervision and must have direct knowledge of the applicant's work experience. Examples of appropriate licensure include, without limitation: licensed residential HVAC installer and repairer, residential builder, or mechanical contractor (AC or PK classification). Falsification of information may be grounds for disciplinary action against a licensee. You may be requested to provide documentation to verify all experience to which you are attesting.
