**RESIDENTIAL PLUMBER LICENSE APPLICATION  
REQUIREMENTS AND INSTRUCTIONS**

This application is for initial licensure applicants and applicants who have a license that has been lapsed for more than three years. If you would like to apply for reinstatement of a license that has been lapsed for less than three years, please complete the [reinstatement application](#) for residential plumber license.

**Note:** Your application is good for one (1) year from the date of receipt. If all required information is not received within this one (1) year period, you must begin the application process from the beginning. This includes, but is not limited to, the application fee, transcripts, license verifications, etc.

**METHODS OF LICENSURE**

**LICENSURE BY EXAM**

Work experience must be verified and approved before you are made eligible for the exam. An applicant must show a minimum of one year of residential plumbing experience performed within the past five (5) years.

Copies of W2s and/or 1099s from employers should be provided with the application. The Residential Plumber Experience Affidavit form must be completed by each supervisor/employer listed under the work experience section of this application. If the information on the application does not match the [Residential Plumber Experience Affidavit\(s\)](#), your application will be returned for corrections.

If the required experience documentation cannot be provided or you do not have the required experience, you should provide a detailed written explanation summarizing your relevant work experience. You may also include additional supporting documentation for the Commission's consideration. Failure to provide documentation with adequate experience may result in a delay in a determination regarding your application.

**Residential Plumbing Exam:** PSI Examination Services (PSI) administers the Commission's required examinations. Please visit their website for additional information about exam preparation, exam references and exam locations: <https://test-takers.psiexams.com/scrb/>. Exam fees are paid directly to PSI.

Once approved to sit for the examination, your examination eligibility is valid for one year and you are allowed only three (3) attempts to pass the exam within a twelve (12) month period. You must pass both the Business Management and Law and the Residential Plumbing technical portions of the exam. If you do not pass both portions of the exam within the twelve (12) month period, you will be required to reapply. If you fail the exam three (3) times, you will be required to wait twelve (12) months from the last date you failed the exam before you will be authorized to take the exam again. Additional information about examination eligibility and completing the post exam application process will be sent to all approved applicants.

**LICENSURE BY EXAM WAIVER**

The Residential Plumber license may be obtained without the required technical portion of the examination if the applicant meets one of the requirements below. Work experience requirements and the Business Management and Law portion of the exam are still applicable.
